A NOTE FROM *Miss Amber...*

Good evening and welcome to The Dance Avenue's 2024 Recital: "Friendship!" From myself, the staff and all the dancers, thank you for coming to our show. We are so excited for you to witness all the hard work our dancers and staff have put in this season. We hope you enjoy every moment!

When putting together the theme for this year's recital, I was struck by a photo that was taken of two of our graduating seniors. As I reflected on that photo of the pair side by side, backs to the camera, looking out at an empty audience, I thought about the span and depth of their friendship over the years. From young dancers who hardly knew each other to a pair of peers with deep respect and care for one another and their team.

As I searched through more pictures, there was another that made me pause and think back to their journey as friends through dance. These two boys have been through every age class at TDA. They have worn every color of sparkly shirt, danced everything their teachers have asked of them and always done it with a smile. They've grown into their friendship over the years and it all came about through dance.

It's these sets of friendships that have inspired this year's recital theme and design.

Dance classes have a way of bringing kids together. The dancers and teachers are all working toward a common goal and with the shared love of music and dancing, friendships often blossom. Dance fosters all kinds of friendships. From those little ones making new friends in class, to those who look forward to seeing a certain friend each week, to those whose friendships grow into something beyond the studio. I think one of the most unique things is how dance friends come together from all different schools. As a child growing up it's so fun to have friends from schools all around!

Another beautiful friendship that comes through dance is the friendship that begins between dance moms. I think we can all agree it takes a village, and fellow dance moms friendships provide support, understanding and fun.

Witnessing all these friendships is something that fills my cup. And I count my blessings every day that dance friends are lifelong friends because many of us on the TDA Staff were dance friends growing up.

As this season comes to a close, I encourage you to sit back and watch your dancer and their friends as they make memories to last a lifetime. They'll be telling stories about these days for years to come.

Thank you...

To all of our TDA families for choosing us for your dancer. We are so grateful for each child who comes through our doors and we all enjoy teaching them and watching them learn and grow!

To our TDA team families for your loyalty to our team. These kids are such a huge part of my life and my heart with all the time we get to spend together. I feel so blessed to be able to have each of them on our team.

To my amazing TDA staff. You each inspire me in so many ways and I'm so lucky to count you as friends. Your passion for dance and your love for TDA and these kids is such a beautiful thing.

To my wonderful family. It's hard to put into words how much your love and support means to Chad and I. We truly couldn't do it without all of you in our corner.

Last, thank you to Chad, Preston and Eva. It's because of you three that I get to do what I love. Dance is in my heart and teaching children and mentoring youth is what drives me. Thank you for being the best husband and kids I could ever imagine.

I love you forever and always.

Let's dance everyone!
It's time!

Cheers to recital #14!

With love,
Miss Amber
